

**APPENDIX B:
EVENT LIST FOR BRUCE PENNYCOOK'S *PRAESCIO IV***

T = Footswitch trigger (i.e, MIDI cc#64, val 127); P = MIDI note # from Pitch Tracker;
Track = SMF sequence track name; Chan = MIDI output channel(s); Trans =
transposition of track as semitone offset; Harm = intervallic doubling of sequence as
semitone offset (not used); Vel = velocity scaling (multiplier); Temp = tempo scaling (*
sequence durations); H1 = Thru harmony note 1 (as semitone offset from tracked clarinet
pitch); H2 = harmony 2; H3 = harmony 3; H4 = harmony 4; Hvel = Harmonization
velocity scaling (multiplier). Event list printed by permission from the composer.
